[Data Types and Services \(PDF\)](#)

Special care should be taken when using any device that was bought by the department. If it is not supported by techstaff it is your responsibility to ensure the device is encrypted. If you don't know what this means or don't know how to encrypt your device please contact techstaff via email or in person.

Storage Archive for Publications

- knowledge.uchicago.edu

Knowledge@UChicago is a service managed in the Library to preserve and share the scholarly and creative assets of the University. The institutional repository is supported through a collaboration between the Library and IT Services at the University of Chicago.
