

Zoom Resources

Download

[Download Zoom](#)

General

[Shared Google Drive folder](#) with resources on browser requirements and features specific to account types.

[ITS's](#) page with links to short instructional videos and to request an account.

More short instructional videos for Zoom can be found [here on Panopto](#).

[Here](#) or [here](#) for more detailed video tutorials from Zoom's official website. For some videos, the transcripts are searchable.

<http://uchicago.zoom.us> is the browser sign in page.

Linux

Fix Scaling

For example: If you are using 200% scaling: `~/.config/zoomus.conf`

```
scaleFactor=2
```
